13. Groups – Small groups beginning to come to Cispus
14. Capital Highlights- new energy efficient heating systems

**AWSL Student Programs**

15. Over 30 reimagining Recess Programs; continue to get requests
16. MLK (176 schools, 94 districts, 5 states, 130,000+ students reached)
17. Great conversations with WIAA on infusing AWSL leadership training into sportsmanship workshops. Great partnership and conversations happening

**AWSL 2022 Projections**

18. Planning for 2022 summer programs at Cispus and EWU
19. EWU will be a great facility combining two camps
20. Reimagining Recess still happening
21. Fall Conference (Oct/Nov) East Valley Yakima HS and Stanwood HS will both host
22. Big question – What do schools need? Virtual (MLK) or In-Person (MLR) Where are schools? Where should we spend our energy as a team?

**Redesigning AWSL**

- ML Leadership – not one and done, Fall/Spring, in person & virtual follow up. Regionally? Just more than 1 five-hour event. Monthly? Short increments
- Veterans Day – work with 9 ESDs for interviews etc. like the MLK assembly
- Social media education: internet safety taught by leadership kids
- Parent education for older students – Family engagement 3–5-minute video
- Online survey – school culture survey by own students. Series of interactive live sessions with leadership class and AWSL staff meeting together. Individual school plans. What are right questions? State-wide standard
- Model Handbook
- Subscription based programs
- Virtual field trips
- AWSL word out to more elementary schools – availability & membership
- Social/emotional learning blend for elementary. State standards for SEL to guide.
- Middle school transition resources for kids going from elementary to middle school
- Kindergarten resources
- Subscription based membership to AWSL – entry level, middle level, higher level. Broken down by tiers.
- National Honors Society
- Larger districts bring ASBs together
- Student recognition – unique ways of recognition
- Price increase – What is appropriate, what does the new structure look like?
